AT&T Cabling Systems New Distributor in Iraq: Atlas GIS

AT&T Cabling Systems announced the appointment of Atlas GIS as new distributor in Iraq, complementing the existing channel reseller network. The agreement grants Atlas GIS distribution of the complete AT&T Cabling Systems product portfolio, including AT&T CopperLine, AT&T FiberLine, AT&T CenterLine, AT&T RackLine and AT&T OutdoorLine.

Atlas GIS (www.atlasgis.net) has integration and distribution capabilities across Iraq with offices in Baghdad and Basra. More sites planned to open in 2016. They are a financially strong and a formidable establishment with a reputation for excellence and prompt execution especially in the Government sector and expanding market share in the Oil and Gas sectors. AT&T Cabling Systems successfully won the Ministry of Interior National ID project which will deploy systems across 380 sites. Following this project, we thought that a strategic Distribution partnership would elevate AT&T Cabling Systems success to new highs in Iraq." said Andrew Galston, MEA regional manager of AT&T Cabling Systems.

AT&T Cabling Systems provides complete and state-of-the-art LAN cabling solutions and components for all needs of enterprise customers. Our high-performance network infrastructure solutions based on innovative designs and highly advanced technology are the first choice for all applications. Combining unmatched reliability with the unparalleled AT&T Millennium™ Lifetime warranty, AT&T Cabling Systems is your key to years of fail-safe and trouble-free operation, minimizing system downtime and maximizing your profits.
